

Accommodation on the Basis of Disability Policy

Notice

RIC (KDEOR) Inc. operates as Kawartha Downs (KD) at 1382 County Rd. #28 in Fraserville, Ontario.

Purpose

The purpose of this policy is to state Kawartha Downs' commitment to preventing and/or removing barriers to people with disabilities, to accommodate persons with disabilities to the point of undue hardship and to establish a process by which persons with disabilities may request accommodation.

Scope

This policy applies to all Kawartha Downs employees.

Policy

Where an employee requests an accommodation for needs related to a disability, Kawartha Downs will accommodate the employee to the point of undue hardship. Where an accommodation would cause undue hardship, Kawartha Downs will implement the next best accommodation short of undue hardship.

The company is required to and will comply with certain provisions contained in the *Accessibility for Ontarians with Disabilities Act, 2005 (AODA)* and *O. Reg. 191/11: Integrated Accessibility Standards* made under the AODA.

All accommodation requests will be taken seriously. No person will be penalized for making an accommodation request.

Responsibilities

Each manager is responsible for ensuring principles outlined in this policy are adhered to throughout all business activities for which they are responsible.

The employee requesting an accommodation and their immediate manager are responsible for working together cooperatively with the goal of finding a reasonable accommodation and developing an accommodation plan.

Procedure

- During the hiring process, Kawartha Downs shall notify job applicants and the public (specific wording included in job advertisements & job postings) about its commitment to accommodate those with disabilities and shall advise those selected for an interview that accommodation is available upon request.
- If a selected applicant requests an accommodation, Kawartha Downs shall consult with the applicant and provide or arrange for the provision of a suitable accommodation in a manner that considers the applicant's needs due to disability.
- Successful applicants and employees shall be notified of the Kawartha Downs policies regarding accommodating employees with disabilities as soon as practicable after their employment begins and whenever a change in policy takes place.
- Employees who wish or need to raise a potential accommodation issue shall do so by submitting a request for accommodation in writing to their immediate manager. The request should:
 - a) Describe the limitations on the employee's ability to perform the duties of their position caused by the disability.
 - b) Describe any accommodation(s) sought.
 - c) Provide sufficient information to confirm the existence of a need for accommodation.
- If an employee is under a program of medical treatment which requires the consumption of prescription drugs (including medical marijuana) or over the counter drugs which are labelled or known to cause impairment, the employee is required to inform their manager about the program immediately so that the risk of impairment relative to the employee's safe job performance can be considered.
- When necessary to facilitate the assessment and determination of a reasonable accommodation, the employee may be required to participate in the development of an accommodation plan and to provide relevant medical information to Kawartha Downs. Employees seeking accommodation on the basis of disability are expected to fully cooperate in providing any information or medical assessments and participating in assessments relevant to the determination of the accommodation request. The employee may request the participation of an employee representative or union representative in the development of the accommodation plan.
- The departmental manager and General Manager will jointly finalize a decision regarding the accommodation issue. The manager shall notify the employee, in writing or other format as required by the employee's disability, of the decision and the reason(s) for the decision.
- Kawartha Downs shall ensure that the employee's personal medical information shall be kept confidential and will only be disclosed to those necessary in the assessment and development of the accommodation in accordance with the *Personal Information Protection and Electronic Documents Act*.
- Kawartha Downs shall provide individualized workplace emergency response information to disabled employees who require it, and to any person designated to assist the disabled employee, with the consent of the disabled employee, and shall review the individualized workplace response information upon the following events:
 - a) When the employee moves to a new location in the workplace.

- b) When the employee's overall accommodation needs are reviewed.
- c) Upon review of Kawartha Downs general emergency response policies.
- Employees who are absent from work due to their disabilities shall participate in the development of a return-to-work process which includes the development of an individual accommodation plan. Employees who require an accommodation to return to work shall submit a request for accommodation in writing.
- Accessibility needs of employees and individual accommodation plans will be considered when managing an employee's performance, career advancement or opportunities for redeployment.
- All employees will be provided with adequate training with respect to the *Ontario Human Rights Code*, the *Accessibility for Ontarians with Disabilities Act, 2005* and the accessibility standards requirements.
